

# The Dingees, We Got The Voodoo

We rot the voodoo, for we do not fear  
Spirit of power like mighty strong tower  
As its lurking near

We block the voodoo, from great beyond  
Phantom of darkness can't reach through this fortress  
As we sing our song

Whoa oh oh oh oh oh ohh  
We're death defying, so electrifying  
We're rocking sound in our mind

We fought the voodoo, send shiver down spine  
This devils deceiving while he's commandeering  
The lights in the night sky

We rot your witchcraft, ya can't cast no spell  
You will retire when we return fire  
Gainst voodoo you thought worked so well
