

The Distillers, Ain't nothin like a Jones

I've got a jones in my bones.. woah oh..
I've been thinkin about you baby
I wanna tell you what's on my mind
cause you been hangin around me lately
now I'm reading between the lines
But I've been waitin on you
and you been waitin on me
(so tell me) so can we get together
in real love ecstasy

[Chorus]

Cause it ain't nothin like a Jones in ya bones
ain't nothin real as the feelin I feel
I'm sizing you up
cause I know what I want
you're breakin me down cause I need you near
said it aint nothin like a Jones in ya bones
ain't nothin real as the feelin I feel
I'm sizing you up cause I know what I want
you're breakin me down cause I need you near
I can see that you're ready baby
so wont you tell me what's on your mind
I've had enough of the games we're playing
and I've been feelin to make you mine
But I've been waitin on you
and you been waitin on me
so can we get together in real love ecstasy
Cause it ain't nothin like a jones in ya bones
ain't nothin real as the feelin I feel
I'm sizing you up
cause I know what I want
you're breakin me down cause I need you near
said it ain't nothin like a Jones in ya bones
ain't nothin real as the feelin I feel
I'm sizing you up cause I know what I want
you're breakin me down cause I need you near
It's time I express to you
the joy you bring
when we're together baby
can we be more then friends
I need to know
this waitin is drivin me crazy
do you got it I got a Jones make it hot
do you got it I got a Jones do you got it make it hot
[Chorus fade]
