

# The Donnas, Love You Till It Hurts

I've been looking you over, you're looking right  
Take a chance on something and take it tonight, yeah  
You know I've got plans for you and me  
And I'm gonna make my mark, know what I mean

Do I make you nervous, you're making me hot  
I'm ready to go, whether you're ready or not  
You know I've got plans for you and me  
And I'm gonna make my mark, know what I mean

Let me touch you  
I want to play with your emotions baby yeah  
(Play with your emotions)  
I'm dreaming of you  
And once I have you in my possession  
I'm gonna love you till it hurts

Tell me how you like it, I'm talking to you  
I know you're not shy, you know what to do  
You know what to do to me  
You know I've got plans for you and me  
And I'm gonna make my mark, know what I mean

Let me touch you  
I want to play with your emotions baby yeah  
(Play with your emotions)  
I'm dreaming of you  
And once I have you in my possession  
I'm gonna love you till it hurts

Love you till it hurts  
I'm gonna show you what it feels like  
I'm gonna love you till it hurts  
Whoa-oh-oh
