

# The Doobie Brothers, Can't Let It Get Away

John McFee / Nicolette Larson / Patrick Simmons

Everything comes to an end  
Few have time to wait  
Well my patience, Lord, is wearin' thin  
The hour's gettin' late  
The ladies come and go  
Barely turn my head  
But you make me feel  
Like a change is coming

I've been wastin' time  
I'm ready for you  
I'm leavin' my past behind  
I'm ready for you

Can't let it get away  
It's gettin' closer  
Can't let it get away  
I'm feelin' better  
Can't let it get away, oh no  
Can't let it get away, can't let it get away

Oh it was worth the wait  
But I won't wait no more  
I never believed in fate now, baby  
I've been wrong before  
This time I'm really givin' it all  
And I ain't got time to wait  
You make me feel  
Like a change is comin'

I've been wastin' time  
I'm ready for you  
I'm leavin' my past behind  
I'm ready for you

Can't let it get away  
It's gettin' closer  
Can't let it get away  
I'm feelin' better  
Can't let it get away, oh no  
Can't let it get away, can't let it get away
