

The Doobie Brothers, Double Dealin' Four Flusher

Patrick Simmons

There's a change been comin' over you
Well you burn back baby now what can I do
And all of that jive that your good friend's been sellin'
It ain't worth a nickel ya know I been tellin' you
And you know you could never live without my love babe
There's no one else who could take my place

Blue-eyed baby I love you yes I do
Well my blue-eyed baby I love you yes I do

And nobody here can give the love that you need
And I'm down on my knees and I'm bleedin' baby

Everybody tells me I'm bein' a fool
Everybody tells me you're bein' so cruel
Everybody tells me but I don't believe it babe
