The Doobie Brothers, The Doctor

Johnston/Midnight/Schwartz

I'm a man who lives in the city I'm a man who lives in the street From F.L.A. to Frisco Bay And everywhere in between

Coast to coast there's a question Everybody's always askin' me People want to know everywhere I go What can the answer be

Music is the doctor
Makes you feel like you want to
Listen to the doctor
Just like you ought to
Music is the doctor of my soul

Well it seems that when I travel And I'm out there on the road The freedom I need is the freedom I leave In my good time rock and roll

There's a healing in those guitars And a spirit in the song No matter what condition your rhythm is in The message goes on and on

Music is the doctor
Makes you feel like you want to
Listen to the doctor
Just like you ought to
Music is the doctor of my soul

If you ever wonder How to shake your blues Just follow this prescription And get the cure for what's ailin' you

Music is the doctor Makes you feel like you want to Listen to the doctor Just like you ought to Music is the doctor of my soul
