

# The-Dream, Fast Car

Oh I love you baby  
eh, oh yea  
eh, eh, oh i love you baby  
But u just a lil' too

Baby you just a lil' too sweet for me  
Aw baby I don't know if you got what I need  
And I wanna love you baby  
I wanna show you there's nobody like me  
Can I trust you baby  
I need a bad girl  
You're just too good for me

I need a fast car  
Candy coated red  
Drive me all night and park me in my bed  
I need a fast car  
I wanna see you zoom  
Race track waitin' in my bedroom  
Show me the green light  
Ooh ooh ooh  
Show me the green light  
Ooh Ooh Ooh  
Show me the green light  
Ooh ooh ooh  
Show me the green light

Baby I hope you save a little piece for me  
Girl I wanna get to know you  
I got so much I can show you  
And girl call me  
When you want me to pull you up to speed  
And girl I really wanna be your baby  
And I wanna love you (and I wanna love you)  
Sweet thang (sweet thang)  
I wanna show you there's nobody like me (like me)  
And I trust you (oh yea)  
Lady (oh yea)  
I need a bad girl  
But you're just too good for me baby

I need a fast car  
Candy coated red  
Drive me all night and park me in my bed  
I need a fast car  
I wanna see you zoom  
Race track waitin' in my bedroom  
Show me the green light

She's a pretty car  
Nice seats  
Cooler than my AC  
Chrome wheels  
Perfect dash  
Racing brakes  
Good on gas  
She looks good when she's out on the road  
But I'm livin' fast and I'm tryna lose control

Is it with you  
Is it with you  
Is it with you or someone else  
Is it with you  
Is it with you  
Is it with you or someone else  
Is it with you  
Is it with you  
Is it with you or someone else  
Is it with you  
Is it with you  
Is it with you or someone else

You sittin' on the 24's  
I wanna see you make it go  
'Round and 'round  
Up and down

I said if you sittin' on the 24's  
I wanna see you drop it low  
'Round and 'round  
Up and down
