

# The Dresden Dolls, Kaledrina

an arm is off  
an eye is missing  
a face is cracked  
a mouth is rusting  
a dress is ripped  
a hand is stuck  
this mechanism  
seems to be broken

but pull the string  
still it can talk

"my name is kaledrina,  
and i love you very much"

when i woke up  
my arm was off  
my eye was missing  
my face was cracked  
my mouth was rusting  
my dress was ripped  
a hand was stuck  
this mechanism  
seems to be broken

but pull the string  
still i can talk

"my name is kaledrina,  
and i love you very much....."
