

The Duprees, Take Me As I Am

Yes, it's you
Yes, it's you
And I will always love you
So if you want.. want me take me as I am
Here I stand just a plain and simple Joe
I'm not perfect nor do I claim to be so
So if you want.. want me take me as I am
I'm not a genius nor do I want to be
I'm not perfect as you can plainly see
So if you want.. want me take me as I am
I know just how to treat you
And make you love me strong
I never loved anyone else
And you taught me right from wrong
Yes, it's you
Yes, it's you
And I will always love you
So if you want.. want me you take me as I am
You take me
Take me as I am
