

# The Enemy, Technodanceaphobia

Shelly was a good girl  
She never left her daddy's side  
She was a technodanceaphobic  
And every night inside, she'd cry

Megan was a bad girl  
She never knew no right from wrong  
Well they found her alone  
Her daddy left her at home  
And hoped that she was gone

Yeah, yeah

'Cause they were bangin' on the back seat all night long  
Yeah they were bangin' on the back seat all night long  
Yeah they were bangin' on the back seat  
On the back seat  
Bangin' on the back seat all night long

Sammy was a good boy  
He never left his mummy's side  
He was an alcoholaphobic  
And every night inside, he'd cry

Danny was a bad boy  
He liked to kick and scream and shout  
Well on a saturday night  
He got the feeling alright  
To throw his weight about

Yeah, yeah

'Cause they were bangin' on the back seat all night long  
Yeah they were bangin' on the back seat all night long  
Yeah they were bangin' on the back seat  
On the back seat  
Bangin' on the back seat all night long

Yeah, yeah

So they were bangin' on the back seat all night long  
Yeah they were bangin' on the back seat all night long  
Yeah they were bangin' on the back seat  
On the backseat  
Bangin' on the back seat all night long

I said  
Bangin' on the back seat  
Yeah on the back seat  
Bangin' on the back seat  
(All night long)  
Yeah they were bangin' on the back  
On the back seat  
Bangin' on the back seat  
ALL NIGHT LONG!
