

# The Exciters, Tell Him

I know something about love. You've gotta want it bad  
If that guy's got into your blood, go out and get him  
If you want him to be the very part of you  
That makes you want to breathe, here's the thing to do...

Reff:

Tell him that you're never gonna leave him  
Tell him that you're always gonna love him  
Tell him, tell him, tell him, tell him right now  
I know something about love. You gotta show it and make him  
See the moon up above. Reach out and get it  
If you want him to make your heart sing out  
And if you want him to only think of you...

Repeat Reff

Ever since the world began it's been that way  
For man and woman were created to make love their destiny  
Then why should true love be so complicated? Oh...

I know something about love. You gotta take it and  
Show him what the world is made of, one kiss will prove it  
If you want him to be always by your side  
Take his hand tonight and swallow your foolish pride and..
