

The Exploited, Army Life

Never give up, never give up, never give up the army [x3]

Join the army at seventeen

till you swear that you're a killing machine

three more rifles if they die

you got to do everwhat army says

[Orch:] Army life is killing me, me, me

Army life is killing me

Where the Belfast is the fucking fun

Walking about with atomic gun

several years and when you're dead

you'll just be anounced in your local paper

[orch]

Five is up just AM at morning

I got to get from the bed to teach

fuck to the gathering full of hate

you got to do everwhat army says

[orch]

Join the way how to kill

Join the army to be your man

For our words in name of years

is got to do everwhat army says
