

# The Exploited, Fight Back

Rules are made to put you down  
They laught at you when you are down  
Can they survive if swapped around  
Fight back dont give in  
Spend your money on royal display  
Shut your mouth go away  
All that money thrown away  
Its not fair on those who paid  
Fight back dont give in  
Mother steals to make ends meet  
And i got busted selling speed  
Got no future got no job  
They won't admit they got it wrong
