

The Exploited, Fucking Liar

Heard you talking on the phone
As I waited at the door
You told me it was just a friend
Now i know the fucking score

[Chorus]

You're just a fucking liar

Liar

You're just a fucking liar

You lied to me

You lied before

And next time

You'll be out the door

Pack your bags

And get to fuck

You'll never lie to me no more

[Chorus]

You're just a fucking liar

Liar

You're such a little liar

I told you not to lie to me

Now get your arse out the door

Liar

You're just a fucking liar

Liar

Fucking liar

Liar

Fucking liar

You know i've never lied to you

Now fucking do it to me

I really want to trust you

Don't fucking lie to me

[Chorus]

You're just a fucking liar

Liar

You're just a little liar

You lied to me

You lied before

And next time

You'll be out the door

Pack your bags

And get to fuck

You'll never lie to me no more
