

The Exploited, Sea Of Blood

What have you been doing for so long
Your all talk you dont know what to say
No ones got a solution now
Madness in a world today
Washed away in the sea of blood
Murder is the name of the game now
You can kill with just one shot
Psycho is my occupation
Murder is my only thought
Washed away in the sea of blood
Our life is one now of darkness
Day by day life flash away
No one gets any justice now
Victims in a sea of blood
Washed away in the sea of blood
