

# The Exploited, Stop The Slaughter

An hour ago you heard kids laugh  
Now there's silence  
Why they died was obscene  
No justified cause  
Stop the slaughter  
Stop it now  
Sudden death horrific injuries  
Killed by cowards  
Another bomb another cause  
Brother fights brother  
Stop the slaughter  
Stop it now  
When will they learn  
That planting bombs  
Will get them nowhere  
Everyone has a right to live without fear
