

The Explosion, Channels

High on hopes
Down on my luck
I've struck out
I don't give a fuck

The channel keeps changin'
But it's always turnin' back to you

What are we gonna do now
Where do we go from here
What are we gonna do now
Where do we go from here

Something tells me I've been here before
You ask me to stay but I'm out the door

The channel keeps changing
But I know this time it's through
I'm turning it off
I've seen enough
I hear the ring but I'm not picking up

The channel keeps changing
But it's all the same to me
