

# The Explosion, Novocaine

shoot me up with novocaine  
shoot me up with novocaine  
shoot me up with novocaine  
i won't feel a thing  
shoot me up with novocaine  
shoot me up with novocaine  
shoot me up with novocaine  
i won't feel a thing

i can't talk  
i can't sleep  
i'm so numb that i can't breathe  
i can't talk  
i can't sleep  
i'm so numb that i can't breathe

shoot you up with novocaine  
shoot you up with novocaine  
shoot you up with novocaine  
you won't feel a thing  
shoot you up with novocaine  
shoot you up with novocaine  
shoot you up with novocaine  
you won't feel a thing

i can't think in my sleep  
i've got anesthetic dreams  
i can't think in my sleep  
i've got anesthetic dreams

i can't think in my sleep  
i've got anesthetic dreams  
i can't think in my sleep  
i've got anesthetic dreams

i can't think in my sleep  
i've got anesthetic dreams  
i can't think in my sleep  
i've got anesthetic dreams
