

The Faders, Jump

don't wanna live in heartache,
Don't bring me down again,
Stop doin' my head in,
When will you learn?
When will you learn?
Get ready it's show time,
Got nothin' to lose but you,
Now I've made up my mind,
You know what to do,
You know what to do
JUMP!

Why don't you just jump,
Now your out on your own only one way for you to go,
So JUMP!

Why don't you just jump,
Now your out of time and you know what you can do!
Sick nd tired of you hangin' around,
Why don't you get it through your head,
When i say it's over,
It's over and dead,
It's over and dead.

People say I'm lookin' so good,
Yeah I'm doin fine without you,
Aint missin nothin',
Especially you, yeah you.
JUMP!

Why don't you just jump,
Now your out on your own only one way for you to go,
So JUMP!

Why don't you just jump,
Now your out of time and you know what you can do!
(oooooh)You didn't think it possible,

I can ever live without your love,
But you lost it all,

You say you need me,
(Whatever, Whatever I've heard it all before)

Can't live without me,
(Whatever, Whatever I've heard it all before)

And you say you love me,
(Whatever, Whatever I've heard it all before)

Do anythin' for me,
(Whatever, Whatever I've heard it all before)

So JUMP!

Why don't you just jump,
Now your out on your own only one way for you to go,
So JUMP!

Why don't you just jump,
Now your out of time and you know what you can do!
Well you can jump!
