The Fall, Copped It

Said I ain't no millionaire
But I spent more money than one ever seen
I'm gonna change that scene one day
It's what you're supposed to say
Hey hey hey hey

Can't get far in land of immovable frogs Can't get far in home of horrible hoax And you don't last long on a diet of tea and toast

Hey hey hey And I'm singing the song cause I copped it baby I steal what I have

Confessions confessions
Bring detractors
Keeping shtum
Brings dough and attractions
Costello, ideas trenchant borrows
New song benefactor
Is the past tomorrow

Sing, sing a song I'm singing the song cause I copped it baby

Don't last long There's guns behind you Aura of desparate boot licker And you can't hang on with a cuff of him and girl

I'm singing a song cause I copped it baby

Taking out a policy for love and destruction Can't operate with this vexation Say it again, real real gone I know I've copped but I'm not the only one.

It ain't what you do it's the way that you do it
