

The Fall, Intro

(fragment of "Up here" or "Appear")
We are Northern white crap that talks back
We are The Fall we were spinning we were stepping
Cop out, cop out as in from heaven
The difference between you and us is that we have brains
Cos we are Northern white crap
But we talk back
Uh oh, uh oh
Back f**king back, The Mighty Fall
The Fall, we are back, we are back
And this next number is Fiery Jack
