

The Fall, Light / Fireworks

Cold, cold, you can't control

(computer voice: Light up a cigarette, cos it might be your last.)

Fireworks, darkness

Cascading with fireworks.

Fireworks, can't read it

Fireworks, can't fathom it

Fireworks.

Coming up to the dawn here

What are those burnt embers

It's fireworks, smouldering

It's fireworks, cascading in the sky

From 8 till 5 the morning,

Fireworks

Fear cracked, fear cracked

Splitting Chinese sky open,

Chinese sky at night

Exploding trees at night

Over rivers and bridges

Fireworks

Fireworks.

Fear craft.
