

# The Fall, One Day

When I first met you  
You didn't go anywhere  
'Cept for the drama corporation  
Of co-op theatre

Skirting from a course  
Bovver boots on  
Vacuum breath equals  
We never close

But one day you'll find out  
That you lost a good man  
And one day you'll wake up  
And find you lost a good man

Transparent or not

You'll never see my like again  
I'm talkin about me  
No malice  
So transparent

When he walks  
When he walks again  
All reduced to cost-price  
Manual for deceit  
Indiscriminate take out  
Indiscriminate give out  
We never close  
Never ever close

You're a snake pit  
And one of these days you'll find out  
That you lost a good man  
And one of these days you'll wake up  
And find you lost a good man
