

The Fall, That Man

That man loves you
That man cares for you
That man loves a heathen
That man loves you

He came down from Accrington
He came down from Hovis land

And

He washed the dirt from my eyes
All devils are exorcised
And sticky pants are ostracised
Sermons with trad jazz guys

Screaming

That man loves you
That man cares for you
That man loves a heathen
That man loves you

You see, can't be holy
All you see can't be holy
All you see can't be holy
(backing vocals) That man loves you
He really do
