

The Finn Brothers, Niwhai

Niwhai she's so fly
Making it happen
Niwhai be my witness
Five satellites in just one night

Niwhai pacific sister
Her fathers son
She was something precious
And we all love what she's become

Strange attractor
Something wicked
Paint her golden buddha
You're a blinding flash across the sky

Niwhai sequinned slipper
Fly by radiating light
Grant her secret wishes
Five satellites in just one night

Niwhai she's so fly
Making it happen
Grant her secret wishes
Five satellites in just one night
