

# The Firm, Spirit Of Love

5:08

Look to your heart.  
Dont wait an hour.  
The way is there somehow  
No matter how long  
No matter how long  
Dont give in

When youre down on your knees, the whole world is counting  
And you know it would please your enemies to count you out.  
Reach down inside and find somehow  
When you ask, is there someone out there who loves.  
Somewhere out there who can.  
Dont lose hope

If you have the spirit of love to carry the day,  
The spirit of your love will show you the way.

Look to your heart.  
Dont wait an hour.  
The way is there somehow  
No matter how long  
No matter how long  
Dont give in

If you have the spirit of love to carry the day,  
The spirit of your love will show you the way.

If you have the spirit of love to carry the day,  
The spirit of your love will show you the way.

If you have the spirit of love to carry the day,  
The spirit of your love will show you the way.

If you have the spirit of love to carry the day,  
The spirit of your love will show you the way.

If you have the spirit of love to carry the day,  
The spirit of your love will show you the way.
