

# The Flaming Lips, Be My Head

You can be my head  
Oh, I really need one  
'cause it's used all its better days  
You can be my head  
'cause I've ruined this one  
Blasting holes where it used to be

And if it's not a big thing,  
You could swap or lend me  
You should stop and ask me

Be my head, and I'll be yours (2x)

You can be my head  
Oh, they've eaten this one  
Putting swirls in this giant hole  
You can be my head  
'cause I can't afford to buy one  
Seeking stars in its other side

And if it's not a big thing,  
You could swap or lend me  
You should stop and ask me

Be my head, and I'll be yours (2x)  
Won't you be my head, and I'll be yours  
Be my head and I'll be yours (3x)
