

# The Flaming Lips, Brainville

I've heard about a place, where they enlarge your space  
take pity on the small ones...

Don't cost ya very much, they seem to know their stuff,  
take pity on the small ones...

So I wanna go to Brainville. Let's get in  
And overcome my inexperience  
I wanna go to Brainville. Let's get in  
And be the first one on the block that does.

They say it's the one thing everyone should have  
I know it must look bad.

Don't know I need the help  
they'd take me I can tell  
four fingers and a toenail...

I wanna go to Brainville. Let's get in  
And overcome my inexperience  
I wanna go to Brainville. Let's get in  
And be the first on the block that does.
