The Flaming Lips, The Yeah Yeah Yeah Song

If you could blow up the world with the flick of a switch
Would you do it?
If you could make everyobody poor just so you could be rich
Would you do it?
If you could watch everybody work while you just lay on your back
Would you do it?
If you could take all the love without giving any back
Would you do it?
And so we cannot know ourselves or what we'd really do...

With all your power
With all your power
With all your power
What would you do?

If you could make your own money and then give it to everybody
Would you do it?
If you knew all the answers and could give it to the masses
Would you do it?
No no no no no no are you crazy?
It's a very dangerous thing to do exactly what you want
Because you cannot know yourself or what you'd really do

With all your power
With all your power
With all your power
What would you do?
