

# The Flobots, We are winning

Rival gangsters sit down to plan an after-school program  
A religious fanatic posts footage of an interfaith service project  
A group of teenage boys watches a video of a father playing catch with his son  
An adult film star paints thumbnail portraits of elderly couples, fully clothed and smiling  
A record executive records a demo of his apology  
A policeman makes reverse 911 calls instructing residents to take to the streets  
A patriot reports for duty  
She's wearing an orange jumpsuit and holding a picket sign  
She's ashamed of her birthplace  
But retreat is not an option  
Women and children  
Frontline  
Logon  
Tune in  
Stand and be counted  
Wounded  
Stationed  
In the belly of the vulture  
Watch your back  
Theres no civilians  
Women children  
Frontline  
Listen  
Consider this a distant early warning  
The fires imminent  
Pollution gathering dust particles  
Funneling through smokestacks  
Airwaves  
Bandwidth  
Disinformation tube fed  
Check the label  
Delete the virus  
Alert the masses  
[spoken]  
Butterfly wing crosswinds send black hawks toward hurricane survivors  
Roses sprout from empty lots and sidewalk cracks  
Pacifist guerrillas move undetected through concrete jungles  
New forms are beginning to take shape  
Once-occupied minds are activating  
People are waking up  
The insurgency is alive and well  
Rise of the flobots  
Portrait of the new american insurgent  
Rattle and shake the foundation of the world order  
Assembly line consent  
Resist  
Refuse  
Inform  
Create  
Direct loved ones to the trenches  
Suit up  
Forge rubble into fortresses  
Plaster  
Cloth  
Aluminum  
Broken porcelain  
Rusted platinum  
Burn bloodstains from decompressed diamonds  
Hammer the battlecry into braille-studded armor  
[spoken]  
We are building up a new world  
Do not sit idly by  
Do not remain neutral  
Do not rely on this broadcast alone

We are only as strong as our signal  
There is a war going on for your mind  
If you are thinking you are winning  
Resistance is victory  
Defeat is impossible  
Your weapons are already in hand  
Reach within you and find the means by which to gain your freedom  
Fight with tools  
Your fate and that of everyone you know depends on it
