Groove Is Where You Find It
groove is where you find it
takes time to realize it
move in to the middlllle of your mind
no one can deny it
the truth is where you find it
move in to the middlllle of your mind

are we just loooooooooosing time
the earth is getting oooooooooooooooooold
are we just fuuuuuuuuuusing time
orbit round the wooooooooooorld
in the middlllle of our minds

why are you denying
the truth is underlying
move in to the middlllle of your mind
space is still colliding
face what you've been hiding
groove is in the middlllle of your mind

are we just loooooooooosing time
the earth is getting oooooooooooooooooold
are we just fuuuuuuuuuusing time
orbit round the wooooooooooorld
in the middlllle of our minds

"can i ask you a personal question?"

are we just loooooooooosing time
the earth is getting oooooooooooooooooold
are we just fuuuuuuuuuusing time
orbit round the woooooooooooooooooorld

the middllle of our minds

groove is where you find it
takes time to realize it
move in to the middlllle of your mind
