

# The Fratellis, Babydoll

Babydoll do you believe they'll catch you when you fall  
And when morning comes the sun is gonna shine  
Don't forget your minor keys your half lit cigarette  
Cause when morning comes god knows that you'll be mine  
So let me in I'm ready to beg and to sing for my sins  
Not leave it to chance and sweet coincidence  
That's just crazy and you know its true

Well they said you were long gone  
I just laughed and said alright  
Bring her home tonight  
And I heard you was graciously put on  
I just laughed and said good night guess it's alright

Babydoll the men who hang like flowers in you hall  
Are asking when your love is gonna show  
And who knows why the love you need  
will always pass you by  
Well I heard it's true your love is gonna grow

So let me know cause i can stay or honey i can go  
Just to wherever you tell me so  
And find my place there and there I'll stay

Well they said you was burned out i just laughed  
And said come on she's not burned she's just gone  
And it took me too long till i found out  
Faces that you know the best oh well i guess  
And they laughed when you said you was leaving  
Everybody knows you well except for me can't you tell  
And you watched from the wings of the late show roses  
By you're feet of red for me you said

Babydoll.....
