

The Friday Night Boys, Everythang Ur Boyfriend's

(everything your boyfriend's not...)
sit tight, let me tell you how your boy ain't alright.
oh, you got to hold on, listen up.
what did you expect to get from him tonight?
so, what were you doing, thinking its the last time letting him go?
you gotta break it off, break it off
show him what you get
now get up off the ground,
i'm everything your boyfriend's not.
oh, what were you thinking, about what you
got (got, got)
i'm everything your boyfriend's not.
feet back
i'm just waiting for your breakdown
heart attack.
ooh. right now, did it ever really matter?
no it never really mattered, now...
so, what were you doing, thinking its the last time letting him go?
you gotta break it off, break it off
show him what you get
now get up off the ground,
i'm everything your boyfriend's not.
oh, what were you thinking, about what you
got (got, got)
i'm everything your boyfriend's not. (not, not, not, not...)
you gotta break it off, break it off
show him what you get
now get up off the ground,
i'm everything your boyfriend's not.
oh, what were you thinking, about what you
got (got, got)
i'm everything your boyfriend's not.
oh, whoa, whoa...
i'm everything your boyfriend's not.
(everything your boyfriend's not.)
