

The Game, Drake With The Braids (Interlude)

Yo, what up, yeah, I just wanted to check back in with you
You know, that feature thing
That feature thing's probably not gonna work out right now
It's just, umm, I just got a lot goin' on, you know
I was, I was all over Europe
I had to do like, the meets to Saint-Tropez, you know
I had to live that saga of my life, you know
Just on my Dhristiano Ronaldo shit
You know, I had to go super yacht on 'em
Play the new album, you know how that goes
And then, I don't know, back home now
You know, I just acquired, like, a bunch of new property
So I'm just in the middle of negotiatin' those deals
And then, obviously, I don't really talk about this
But, you know, it's like, I'm workin'
I'm workin' on the side with the Ministry of Defense in Canada
So, you know, that job is just weighin' heavy on me
You know what I'm sayin'?
Umm, and then, obviously, you know, I still do music too, man
So, yeah, I got a lot goin' on, brother
I apologize, umm, but, I'll catch you, though, for sure
I know you keep sayin', "Ah, this is my last album"
I know this not the last one, so, umm, yeah, we'll get to it, man
You know, but, God bless, lookin' forward to hearin' it
