

# The Game, Dreams

I woke up out dat coma, 2000 and 1  
Bout the same time Dre dropped 2000 and 1  
Three years later the album is done  
Aftermath presents: Nigga Witta Attitude Volume 1  
Rap critics politician  
Wanna know the outcome!  
Ready to die, Reasonable Doubt and Doggystyle in one  
I feel like Pac, after the Snoop Dogg trial was done  
Dre behind the G-Series and All Eyez On Me  
I watched the death of a dynasty!  
So I told Vibe Magazine  
Workin' with Dr.Dre was a "DREAM!"  
I had visions of makin' a classic  
Then my wall turned black,like I was starin outa Stevie Wonders  
glasses  
It's kinda hard to imagine,like Kanye West  
Comin back from a fatal accident, to beat makin' and rappin'  
But, we da future  
Whitney Houston told me that, it's gon take mo' than a bullet in  
a heart to hold me back

Blushin' in this 40 ounce  
Lettin the ink from my pen bleed  
Cuz Marthin Luther King had a "DREAM!"  
Aaliyah had a "DREAM!"  
Left Eye had a "DREAM!"  
So I reached out to Kanye and "brough you all my dreem!"

[Sample playin "It's cuz I love you!"]

I had dreams of f\*\*kin' an R'n'B bitch like Mya  
When I saw dat ass on a front of that King  
Read the article in a magazine  
She loved gangsters, loved nasty things  
So I'm the glass house havin' nasty dreams!  
Good girls neva' give it up  
But anything gets possible ,if 50 f\*\*ked Vivica  
Heard of life's obstacles,found my way through the maze  
Then joy turned to pain like, Frankie Beverly and Maze  
Used to dream about bein' Unsigned Hype  
Till I was crushed my Dave Mase, almost let my pen fall asleep  
on a page  
Daydreamin' yesterday  
Dozin' on offback stage  
I tought I saw Eazy talkin' to Jam Master Jay  
So I walked over heard Jam Master say  
It's a hardknock life, then you pass away  
They say sleep is the cousin' of death  
So my eyes wide open cuz a dream is kin to ya last breath

Cuz Marthin Luther King had a "DREAM!"  
Aalyah had a "DREAM!"  
Left Eye had a "DREAM!"  
So I reached out to Kanye and "brought you all my dream!"

[Sample playin "It's cuz I love you!"]

The Dream of Huey Newton, that's what I'm livin' through  
The Dream of Eric Wright, that's what I'm givin' you!

Who walk through the Whithouse without a business suit?  
Compton had Jerry Curl drippin' on Ronald Reagens shoes  
Gave Mike Lim my demo came here to pay my dues  
Started of with Whoo Kid then I started blazin' Clue  
It was all a Dream like BIG said it be  
Don't sleep on me homie I bring nightmarers to reality  
Rap Phenomenon defyin' the rulez of gravity  
Studied all the classic start revisin my strategy  
Cuz Marshall Mathers made it  
Curtis Jackson made it  
Head in the clouds wonderin where the hell Marvin Gaye went?  
How do I say this, I'm livin' for my son but I can't figure, why  
I'm at my temple with this gun  
Wake up to a Jesus Piece like a Cathlic Nun  
The War to be a rap legend has just begun
