

The Game, How Far I Come

Ooh-ooh, ooh-ooh
Ooh-ooh, ooh-ooh

Came from the bottom, what a wonderful feeling
Look you in your eyes, I can calculate your realness
I bought an AP, my lil' nigga want a killswitch
The more money, more problems, you gotta deal with
Rocks on the chain, all-white like cocaine
Double R, Ferrari, got me ridin' both lane
Three hundred on the watch, five hundred on his chain
Just imagine how far a nigga came

You can't imagine how far I came
Imagine how far I came
Imagine how far I came
Imagine how far I came

Nigga, I came out them trenches
Catchin' fades on them blue line benches
I kept a Glock, used to pull mine, trippin'
Bustin' shot, found a trashcan and threw mine in it
Momma mad about the rag, I had to tuck in the Jansport
Walkin' past the Compton sheriff, it's fuck them encore
Water cut off, I had to get it with my hands sure
Took the strap and slapped the shit out my momma landlord
My little sister wanted cereal, so I had them Honeygrams on the [?]
Period, [?] some cereals, home phone hangin' out like it was big [?]
And where I'm from niggas ain't got that many options
On the corner with the rock [?] it ain't an option
Before Dr. Dre, I was slingin' rock to the doctors
I gots to get mine and get the fuck out of Compton, nigga

I used to walk up on a nigga like, "Excuse me, bitch
What's your name? Where you from?
Do you bang? Cop a plea?
Nigga, I'll take you out tonight"
Yeah, that was my '03 mindstate
Every nigga you see with me, is guilty of boostin' the crime rate
When the blick' deploys, it make instant noise
Put a hole in a nigga size of a chip [?]
Now, gang would hit, and we'll hit your boy
Which one of you rappers or producers wanna get destroyed?
Everything before this is not valid
Take your roof off, you be seatin' in the backseat with Khaled
I'm not your average, my status is toe-tag
I'ma be with twenty-one niggas a lot, we all savage
And I got a lot of baggage, but it's Goyard now
Meaning I squeeze through the crack, where the dough got found

Came from the bottom, what a wonderful feeling
Look you in your eyes, I can calculate your realness
I bought an AP, my lil' nigga want a killswitch
The more money, more problems, you gotta deal with
Rocks on the chain, all-white like cocaine

Just imagine how far a nigga came

You can't imagine how far I came
Imagine how far I came
Imagine how far I came
