I have nothing.
It is the way of living with the strong behaving weakness and the scar.
The night when I felt like being smashed,
I hug the shadow, which runs down to you.
I hang a white string.
Good night, can I sleep tonight?
Squeeze with low speed. The 'Scar' feels peacefully with its throat.
Never hold the breath
And, it keeps believing tomorrow's happiness.

The wound will disappear one day.
I will take you to the end of sadness.
You still want 'Red'.
But you must know that you can walk.
