

The Georgia Satellites, My Baby

There ain't nothin like my baby
there ain't nothin like my sweet baby
there ain't nothin in this world

Now my baby she never makes me feel sorry
never makes me afraid a fool
she won't waste my precious time of day
like some other girls like to do

There ain't nothin like my baby
there ain't nothin like my sweet baby
there ain't nothin in this world

Now I know I might seem a little bit sentimental
I might be right out of time
that just don't seem to matter much to me anymore
that girl just loves so fine

there ain't nothin like my baby
there ain't nothin like my sweet baby
there ain't nothin in this world

I never thought that I could be so lucky
I can catch a falling star
I never thought that I could know such sweet happiness
but happiness is just what you are

there ain't nothin like my baby
there ain't nothin like my sweet baby
there ain't nothin in this world
don't I know

there ain't nothin like my baby
there ain't nothin like my sweet baby
there ain't nothin in this world
there ain't nothin, like
there ain't nothin, like
there ain't nothin, in this world
