

# The Georgia Satellites, Open All Night

Tonight tonight, I feel just fine  
out on the streets and right out of my mind  
and I know everything that a good boy should know  
so darlin you gotta tell me which way the winds gonna blow  
I'm old enough to know what's wrong and what's right  
I've just got to know if that thing is open all night

With the way you walk there ain't no mistake  
my finger starts a shakin' knees start to quake  
and I'm gonna love you baby until I'm completely spent  
turn around jack back up and be a hundred percent  
turn a mouse into a man a man into dynamite  
I've just got to know if that thing is open all night

Love isn't blind love isn't pure  
but you'll never find anything else shine any truer  
you got me shining like a candle and it's burning at both ends  
I wanna be your lover don't care at all 'bout good friends  
I'm old enough to know what's wrong and what's right  
I just got to know if that thing is open all night  
open all night  
open all night  
yeah open all night  
well you turn a mouse into a man a man into dynamite  
I've just got to know if that thing is open all night  
24 hours baby  
c'mon boy get you some
