

# The Go-Go's, The Whole World Lost Its Head

Freeway fell into the bay  
Popes on L.S.D.  
Muslim girls are getting down  
In bikinis  
Nazis selling tupperware  
Door to door  
Telepreachers mud-wrestling  
On the dance floor

I read it in the paper  
I see it on my TV  
Has the whole world lost it's head  
(Is it just me)  
Has the whole world lost it's head  
(Is it just me)  
Has the whole world lost it's head

You can buy tomatoes  
That last 500 years  
Claudia Schiffer's fianc  
Made her disappear  
Drag queens have the navy  
Tossing in their beds  
Mary ate her little lamb  
And punk rock isn't dead

I read it in the paper  
I see it on my TV  
Has the whole world lost it's head  
(Is it just me)  
Has the whole world lost it's head  
(Is it just me)  
Has the whole world lost it's head

I read it in the paper  
I see it on my TV  
Has the whole world lost it's head  
(Is it just me)  
Has the whole world lost it's head  
(Is it just me)  
Has the whole world lost it's head  
(Is it just me)  
Has the whole world lost it's head  
Lost it's head  
Lost it's head  
Lost it's head
