

# The Go-Go's, We Don't Get Along

I'm not very serious  
You want me to be straight  
I'm not out of time  
But you think I'm too late  
I'm not feeling desperate  
You think I can't wait

## CHORUS

Somehow you always get me wrong  
Somehow you always take things wrong  
Somehow you always get me wrong  
Well I guess we just don't get along

You always go to sleep  
When I stay up all night  
You say I'm wrong  
When I'm thinkin' you're alright  
I just wanna talk things over  
You just wanna fight

## CHORUS

You leave me broken  
And you don't realize  
Everything is O.K.  
And then you apologize  
The things that really matter to me  
They just pass you by

## CHORUS
