

# The Goo Goo Dolls, Fallin' Down

Do you know, where you want to go  
I ain't got time for it now  
Do you think, that I'll ever be

Cause all I ever wanted so far gone  
And if I had my chance, I'd go along

You're making me fall down  
I'm fallin' down again  
I wish you could fall down  
Can you catch me darling

Do you see, what you do to me  
You ain't got time for it now  
Do you think, that I'll ever be

Cause all I ever wanted so far gone  
And if I had my chance I'd go along

You're making me fall down  
I'm falling down again  
I wish you could fall down  
Can you catch me darling

Cause all I ever wanted so far gone  
And if I had my chance I'd go along

You're making me fall down  
I'm falling down again  
I wish you could fall down  
Can you catch me darling
