

# The Goo Goo Dolls, Know My Name

What kind of situation  
Have I brought upon myself  
Some kind of bad reaction  
Blamed it all on someone else

Don't pretend like you know my name  
Cause I ain't never seen you before

You got me laughing at me  
Laughing all about myself  
I had a drink last Friday  
Heard the news from someone else

Don't pretend like you know my name  
Cause I ain't never seen you before

You got me running  
Running far from myself  
You got me coming  
Coming home to someone else

Don't pretend like you know my name  
Cause I ain't never seen you before  
Cause I ain't never seen you before  
Don't pretend like you know my name  
Cause I ain't never seen you before
