

# The Goo Goo Dolls, Let Love In

You wait  
Wanting this world to let you in  
And you stand there  
A frozen light  
In dark and empty streets  
And you smile  
Hiding behind a God-given face  
And I know you're so much more  
Everything they ignore  
Is all that I need to see

And you're the only one I ever believed in  
The answer that could never be found  
The moment you decided to let love in  
And now I'm banging on the door of an angel  
The end of fear is where we begin  
The moment we decided to let love in

I wish  
Wishing for you to find your way  
And I'll hold on for all you need  
That's all we need to say  
I'll take my chances while  
You take your time with  
This game you play  
But I can't control your soul  
You need to let me know  
You leaving or you gonna stay

And you're the only one I ever believed in  
The answer that could never be found  
The moment you decided to let love in  
Now I'm banging on the door of an angel  
The end of fear is where we begin  
The moment we decided to let love in

There's nothing we can do about  
The things we have to do without  
The only way to feel again  
Is let love in

There's nothing we can do about  
The things we have to live without  
The only way to see again  
Is let love in

You're the only one I ever believed in  
The answer that could never be found  
The moment you decided to let love in  
Now I'm banging on the door of an angel  
The end of fear is where we begin  
The moment we decided to let love in
