

# The Goo Goo Dolls, Long Way Down

Oh here you are  
There's nothing left to say  
You're not supposed to be that way  
Did they push you out  
Did they throw you away  
Touch me now and I don't care  
When you take me I'm not there  
Almost human but I'll never be the same

Long way down  
I don't think I'll make it on my own  
Long way down  
I don't want to live in here alone  
Long way down  
I don't think I'll make it on my own

I never put you down  
I never pushed you away  
You're not supposed to be that way  
And anything you want  
There's nothing I could say  
Is there anything to feel  
Is it pain that makes you real  
Cut me off before it kills me

Long way down  
I don't think I'll make it on my own  
Long way down  
I don't want to live in here alone  
Long way down  
I don't think I'll make it on my own

I never put you down  
I never pushed you away  
Take another piece of me  
Give my mind a new disease  
And the black and white world never fades to gray

Long way down  
I don't think I'll make it on my own  
Long way down  
I don't want to live in here alone  
Long way down  
I don't think I'll make it on my own  
On my own  
On my own
