

The Goo Goo Dolls, Scream

Scream scream scream i start to scream
Every time I start to dream
Scream scream scream out my little lungs
Oh, I gotta climb some rungs

Scream scream scream
'Til your brain erupts
Rapid eye movement got hit by a truck
Rolled over on the pavement 50 times
Awoke to the sound of my screaming mind

I wake wake wake in a cold, cold sweat
Rolling around in the sheets and screaming wet
Oh my God, here it comes
Another time, another, another rung
