The Goo Goo Dolls, There You Are

Give me a reason now that I can understand
Pick up the pieces now and put them in my hand
I've been up and down for you
My suffering extreme
I fell on my face for you
Now I know what it means
And I self destruct
I close my eyes and there

There you are

Yeah you can run out west, forget you know my name
You say you got your shit together, but you ain't got no faith
Method in madness
Now there's madness in my soul
I'd run from the darkness now
I've got no place to go
And I self destruct
I close my eyes and there

There you are
