

# The Good, The Bad & The Queen, Kingdom Of D

Friday night in the Kingdom of Doom  
Ravens fly across the room  
All in now there's a noise in the sky  
Following all the rules and not asking why

And when the sunset world begins  
Turning into the night I see everything in black and white and then

Drink all day 'cos the country's at war  
You'll be falling on the palace floor  
I can't be anymore than I see  
In the flood get washed away

When the sunset world begins  
Turning into the night I see everything in black and white and then  
A love song for the collaboration you and me will never be and then  
We'll let it flow away
