

The Guess Who, Rain Dance

Don't you wanna rain dance with me?

Fifi said to Don the baker
Can you show me how to bake another bun, Don,
And I'm still sittin' with my next door neighbour sayin'
Where'd you get the gun, John?

Don't you wanna rain dance with me?

Christopher was askin' the astronomer
Can your telescope tell me where the sun's gone,
And I'm still sittin' with my next door neighbour sayin'
Where'd you get the gun, John?

Changin' just a few things
Laughin' when the bell rings, on the go
Changin' just a few things
Shootin' when the bird sings.

Don't you wanna rain dance with me?
