

# The Guess Who, Seems Like I Can't Live With You

Seems like I can't live with you  
But I can't live without you  
I know that time will never change you  
So there's just no sense in living anymore

Remember at the start, we had the world by the tail  
Seems like nothing we two could try just ever could fail  
Then the lovin' slipped away and you stood by and you just let it  
Someday I know that you'll regret it  
When they send that pain on back to you

The lovin' fires burned cold, with only ashes left behind  
Guess your kisses made me blind  
Cause then the magic disappeared and  
You stood by and you just let it  
Someday I know that you'll regret it  
When someone else goes and steps all over you

Seems like I can't live with you  
But I can't live without you  
I know that time will never change you  
So there's just no sense in living any more
